

## OYSTER GREY

Oyster Grey by Coral Classics

Oyster Grey, is ideal for today's designer look of greys and whites, to accomplish a clean modern look. This unique material is swirled with small shells which have hints of white. Oyster Grey can also be "enhanced" with marble and stone sealers, to bring out a much darker "brown/chocolate" color for a great contrasting look.

▶ Oyster Grey can be fabricated into many different things from fireplaces to columns, window and door surrounds, and more.

12"x24"x1-1/2"

SANDBLASTED  
FULL BULLNOSE  
OR  
SQUARE EDGE

▶ Coral Classics by A&P stocks slabs in 2cm, 3cm, and 4cm in a Sandblasted finish. If any other thickness or finish is wanted or requested for a specific project, material can be produced with a proper lead time.

## SEALER

▶ Oyster Grey Shellstone in Brushed or Sandblasted Finish is a dense Shellstone that is consistent in shade and color in light grey tones. To keep this light grey color, this material must be sealed when dry with water based sealers only.
